Description

This expansion for Age of Dogfights contains rules and scenarios for airships, observation ballons, barrage ballons, anti-aircraft guns and 27 new types of aircraft from 6 countries.

With it you can find out if it is feasible to attack with fast Italian planes on targets in the Austro-Hungarian background that is sheltered by barrage balloons and defended with strong anti-aircraft fire. Do the large and slow Russian bombers have a chance against German fighters? What will happen when a mixed French-Serbian squadron returns from a task with low ammunition and encounters a strong Bulgarian patrol?

There are a total of 10 scenarios in the brochure enabling you to be immersed into the role of a squadron leader on an important task.

Contents:

- 54 aircraft tokens (27 types from 6 countries)

- 2 Airship tokens
- 18 Observation and Barrage balloon tokens
- 30 control panels
